Do The Write Thing

how violence has affected my life, one day I was in my house and I saw a van and The person started shooting. Somebody a couple weeks later got killed around the corner from my house so now I can't walk around my community without checking my back all the time. There are always cops riding my street.

The causes of youth violence in your community mainly is peer pressure because these days a lot of kids smoke and drink and get other kids to smoke and drink and kids be browning groups and killing people just to get in gangs. There are too many guns on the street and too many guns in kids pockets. That's why kids are getting suspended for having guns and kids are getting killed and put in jail because of guns. Kids get caught smoking and drinking and go to jail. Kids thinks it's cool to do bad stuff and do crimes and they go to jail.
Dear Mom,

Last week I got the news that I was accepted into college. I was so excited and proud of myself. I knew it would happen, but it still came as a surprise. I want to thank you for always believing in me and supporting me through my journey.

I can't believe how fast time has gone by. I remember when I was just a little kid running around the neighborhood with my friends. Now I'm getting ready to start a new chapter in my life. I'm a little nervous, but also excited for what the future holds.

I hope you're doing well on your end. I miss you guys so much and can't wait to come home for the holidays. 

Love,

What can I do to prevent violence in my community is, start a safety watch patrol to see the crimes and tell the people if there is a problem.

You can call the police more instead of trying to handle it yourself and get more police men on the street.

You can try to tell the person doing the crime to get help because most crime is caused by stress.

You can try to stop and talk to the kids about drink and smoking and tell them that it's bad and they can go to jail for it.

That's what I think about violence and to prevent it.
