Peorn

Violence is bad.
It makes people sad
While some people shoot
others hit with a boot
don't bully the shoot
Or you might go to court

Why do people create violence.
Why can't the world be nice and silenced

Violence has not affected me yet
but one day it will I bet

So if you see it
please tell an adult.
Victor is sick.

I have some friends over.

We have some broccoli soup.

I put milk in the bowl.

You pulled the string.

On your right is the coffee maker.

What can the coffee maker do?

Hm... I do not know.

I put egg and milk in the bowl.

Please tell me what I can do.
