Do The Write Thing Challenge

Fiction

There was a boy at the age of 11 named Andrew. Andrew went to a school called BLS or Boston Latin School. Andrew was smaller and not as strong as the other kids in the school but Andrew was smart and had friends to back him up. Since the beginning of the school year the football team always made fun of how short he is and some other things.

As the school year went on Andrew started to get pushed around so if he saw them coming down the hall he would hide. One day as Andrew was walking home from school he ran into the football team. The team took him in an alley as two of Andrew's friends were passing they spotted Andrew getting beat up by the football team so they broke it up. After it all ended he thanked his friends and started back on his way home.
Do The Whole Thing Challenges

It's time now for the tale of the life of Andrew. Andrew went to a prep school called Bosco where he had a lot of problems. He was often in trouble and was not liked by the other kids in the school. Andrew was a quiet and shy person. Since the beginning of the school year, he had been feeling more and more at home. It was now on fire. He knew things were coming along. The school year went on. Andrew was working hard to get his grades up. He knew he had to take him in on a football team. Andrew's friends were eager to have him on the football team. At first, they picked him to be their leader. Andrew was happy to be chosen. He led his team to victory. Andrew loved being a leader and felt good about it. He knew he had made it.
On Andrew's walk he thought of doing just as bad what they did to him, but he knew that is not how he is but he still didn't tell anyone about what happened in that alley. His friends told Andrew over and over to tell someone or it will keep happening. They also said if he doesn't tell anyone they would. What his friends didn't know is if he tells anyone they would do something so bad he wouldn't want to talk anymore, not even a peep.

Andrew soon got really tired of getting pushed around all the time. He made a decision and it was a good one. Andrew finally was sure he would tell someone so he told a teacher, this teacher was Mr. Hefron his math teacher. Andrew was Mr. Hefron's favorite student and Andrew knew Mr. Hefron would understand and help him out. Mr. Hefron did understand and told the principal and the principal talked to the football team and their parents.

Soon after all of the problems were fixed the football team left Andrew alone. For Andrew school was bully free and he was fine, but he had some friends around. If you think you can take care of a problems like Andrew's I'm sorry to say that you can't, well not on your own so tell a parent or a teacher and they sort it all out.
Dear Mr. Wood,

I'm sorry to say that I can't talk right now. I have to get back to work. I hope you don't have any problems. I'm sorry to say that I can't tell a lot about the possibilities.

Please consider. I'm sorry to say that I can't tell a lot about the possibilities.

Sincerely,

Andrew
