Violence Poem

Violence

Its a feeling you get when attacked
with words or hand

Violence

It could be physical or verbal
It could hurt anyone

Violence

It could scar you for the rest of your life
Even if you committed violence
Or got hurt from it

Stop violence

From being

Committed

Violence

It's a feeling you get when attacked

Without magic or no

Violence

It can be physical or verbal

It can hurt and kill

Violence

It can scar you for the rest of

Your life

Even if you committed violence

You are not forgiven

Stop violence

From friends
