Do you know what is youth violence? Youth violence is when somebody is getting hurt or scared. It can be physical, emotional, or sexual harm. Youth violence has affected my life in many ways. It has made me feel scared of people. I see people getting hurt and I am afraid of violence. Sometimes I think about violence when I am alone. They are millions of causes of youth violence. One cause is people's fighting for another person. Another is people's lust for something. People can cause millions of ways.
The thing I can think about violence to our community is...
