Violence

Violence happens every day
In our neighborhood
It's not a joke

Killing your own race
Killing your own family
Killing babies, kids, teens
It's not a joke

Don't play with violence
Let's save the world
It might be too late

Every day on the news I hear
Someone died- it makes me sad
I think how can you do that?
What makes do you do that?

It's not cute
It's not funny
Why do we kill our people?
