Well violence affects my daily life,
Because I can not go outside to ride my bike,
I can not say "hello" to the neighbors next door,
Because you do not know what they have in store,
I am confronted by violence at school,
Kids every where breaking the rules,
Kids smoking on the left,
Drinking on the right,
I try to behave every day every night,
Some causes of youth violence in my community,
Is peer pressure,
Which is negativity,
Also some causes are from the television shows,
We grow up thinking that's how life goes.
