"Do the Right Thing Challenge"

Doing the right thing... (sign) takes a lot of courage, it takes a lot of courage because doing the right thing can mean taking risks like standing up for others in need, being honest, well known in the society. Us kids aren't acting like kids, they're acting like adults, fighting, smoking, drinking, having kids, dropping out of school. Why can't we do the right thing and stop, let's stop the violence, stop copying what celebrities do on t.v. they don't care about us, they care about themselves. So by us doing the wrong thing instead of the right thing is just making us look stupid and making our parents look stupid as well. So why is it so hard to just stop the violence and start doing the right thing.

I think that for us to do better and for kids, we'll not just kids but everybody should do better. We should actually stop following others and start being leaders, role models for
young kids like us, we need a good role model, someone who knows how to do the right thing and when to do it. But I plan on doing the right thing. I'm gonna be a role model for my little siblings. I'm gonna teach them right from wrong, if there's nobody else that's not gonna do it right. So why not give it a try, I might not be the best role model but I sure am gonna try my best. So why don't we stop the killing, the following, the pimping and stuff and start doing the right thing. Let's be leaders and achievers! Once again... Do the right thing.
