Maybe doing the right thing,
Will lead you to the right path and a bright future

Occasionally doing the right thing,
Means speaking up for your friends

Maybe doing the right thing means
Gaining respect and friendship

Maybe doing the right thing means
Exposing youth violence

Maybe doing the right thing means
Breaking ties and breaking hearts

Maybe doing the right thing means
Standing up for you and the less fortunate
Maybe doing the right thing means
    Telling an adult
Doing the right thing means
    Saving someone life

Occasionally doing the right the thing,
    Means just doing it because
You know it's the right thing to do!
