Do The Right Thing

Violence has affected many people's lives,

I think it has even affected me.

Seeing punching, guns, and knives,

It is all horrible to see.

Looking at people being bullied,

I think of it as scary.

It makes me feel like I'm the one bullied,

Everything should just be merry.

Youth violence is the worst ever,

There is a lot of punching and kicking.

People should stop this and just be clever,

In school or anywhere there shouldn't be any fighting.

Youth violence can cause death,

It can also cause kids to stay home from school.

We all have to have strength,

Stop the violence and it would be cool.
What should we do about youth violence?
Everyone should take part and do something.
We shouldn’t take a glance,
How about just telling the world what is happening.

Children are getting very hurt,
It is just like a nightmare.
People have to blurt,
We really have to do something and care.
