Violence Poem
The child
With a big, great head wails
and guns for hands,
Computer for brain; A machine for heart,
A nose with an oxygen mask and eyes a microscope.
With no sentiment or emotion, with no feelings of love.
Only feeling of hatred, only thoughts of violence.
With no care of humanity, with no thoughts of brotherhood.
The end.
Suppose we know that the block is a perfect square with a side length of 10 cm. What is the area of the square? A = \text{side}^2 = 10^2 = 100 \text{ cm}^2.
