Where are you confronted by violence? You are confronted by violence at home, your school, and also your neighborhood. In this essay I'm going to tell you how and why the violence in your home, school, and neighborhoods is.

Violence in your home: Domestic violence is basically incomprehensible. Most people find it simply inconceivable that any man would systematically victimize his own wife and children's monstrousness of it renders it unimaginable. Some wives or women do not report their husbands for fear that mistreat their children.
VIOLANCE IN SCHOOLS.
IN THE SCHOOL THE MOST COMMON
VIOLANCE I THINK THAT IS THE BULLYING.
SOME STUDENTS THAT ARE PULLED BY
OTHER KIDS DO NOT DARE TO TELL
THEIR PARENTS AND THE TEACHERS.
BULLYING SOMEONE IS SOMETHING
VERY SERIOUS. ALSO THEIR GRADES
BECAME LOW. ALSO THEY DON'T EAT,
DON'T SLEEP THINKING THAT TOMORROW
THEY WILL BE BULLYING. SOME
CHILDREN OR YOUNG PEOPLE COMMIT
SUICIDE BECAUSE THEY FEEL THEY
DON'T WANT TO BE BOTHERED ANYMORE.

VIOLANCE IN THE NEIGHBORHOOD.
IN A NEIGHBORHOOD YOU HAVE GOOD
REASON TO BE WORRIED. A
NEIGHBORHOOD CAN HAVE A PROFOUND
EFFECT ON CHILDREN. NOT ONLY THEY
CAN BE HURT OR KILLED BUT THEY
ALSO BE AFFECTED EMOTIONALLY IN
A WAY THAT WILL INFLUENCE THEIR
ENTIRE LIVES IF THEY GET COUNSELING.
