Violence, it's everywhere!

Violence is everywhere!
We try to run away from it
It's everywhere!
You turn on the TV
It's there!
You play video games
It's there!
Violence is everywhere!
From our schools to our homes
From Connecticut to Syria
Violence is everywhere!
Why are people so violent?
Why can't we have peace in the world?
Our politician draft laws
To protect us
Lobbyist block these laws
To make money
Why can't we just agree?
That violence is not the answer for YOU and ME!
