Bullying others is not funny

Be aware of bullying,
Unite together to achieve peace,
Love each other,
Look out for one another,
You are all the same,
It’s not nice,
Neither of us should feel this pain because there’s,
Good in everyone.

Our words hurt,
The bullying stops here,
Hope lives,
Everyone needs your love,
Remember we can love more than we can hurt,
Stop bullying.

In our hearts we care about each other,
Such more can come.

No person should be scared to go anywhere alone,
Only we can stop this foolishness,
The bullying laws are what we all have to follow and stop breaking.

Failure is what bullying is,
Incomplete is what people feel,
Nobody is suppose to be bullied,
None of this is suppose to happen,
Your all-smart, kind, respectful, responsible, and loving people so just stop.
