Please tell me why
why this days violence is cool.
hurting some people physically
or verbally can be offending
or painful.

I have experience violence my
whole life. It has affected my
life and it have traumatized me.
It also have shaped the person
I am today and far the rest
of my life.

I can prevent violence by not
coping or being part of violence.
I can also help to encourage
other to stay away from
violence or far to not be
part of violence if he me.

The causes of violence are
drugs, substance abuse, weapons
and that's only part of
violence causes. Violence
shape most of the people 4
that are violence today,
violece can affect people
in different ways.
