The violence affects my life because I can die or to many year carse kill people affect you life. The causes of the violence between the youth in the home are that the parents live golpeando, mistreat and mistreat the children. In school the violence is because the children suffer bullying and ciber bullying as beset by revenge become violent and may kill the person that beset. In the street is because suffer bullying in the schools, parents beat them or neglect the street youth, wing will put golpean street people who did something or something in the spoke.

Help to the peoples violent and that to suffer violent talk to the police, talk to the principal of the the schools and that lock or delete them from facebook, twitter and email.
