"Do The Write Thing Challenge" Program

Abuse Is No Love

Abuse is no excuse
It's like a train, fire, caloose
It's like how it is on tv
Wishing they can be free
It seems to happen to girls more
They don't know what's in store.

If I was the mayor I'll take away
The guns, in that type of world
The killers would have no fun
Most people use knives to take away
People's innocent lives.

When kids are raised with violence
They start to grow up in silence
When kids feel like they are trapped
Some of them turn to rap
But the majority of kids stay quiet
And then all they do is start a riot
In themselves.
