violence? what is violence?

i can't help the violence in the world.

i see violence everywhere.

around my house, school, just everywhere.

i can't do anything to change the world.

violence is caused by the people who are in gangs and they hurt other people.

i would like to try to change the world by ending violence.

but, i can't.

violence is caused by people choosing to hurt others over things that are not worth it like drugs, and money, or just for fun.

their actions, their mind.

i just want all the violence to end.

violence? what is violence?
