DO the right thing.

The cause of the among youth are the die! because some teenager family find the way to kill the person. That was in trouble use them. Other causes are the fustrated because some teenager can life know it that they was in violence with they friends family, roommate got...

The violence affect a little my life because any human want they family or friends was in violence because they can die and have some problems with the police. Also the violence don't affect my life because in any moment I feel like affected.
the only thing that I can do to provide the violence is call the police because they know how make the bad people in a good person demand un costigo.
