The V word

Pawl goes the gun,
and gone goes the fun.
My cousin goes down,
as his blood flows on the ground.
Flat goes his pulse,
And now everyone is sad,
now he will never become a dad.
He is gone, and our hearts are broken.

VIOLENCE STARTS AND PROGRESSES,
In the minds of the corrupt.
It builds and grows,
until eventually it erupts.
The trigger to this problem,
can be many things for the young.
But the most powerful is anger.
And even then,
violence is never the answer.

To decrease violence, more awareness should be spread. Young people need to put down the guns, and just use their heads. There is always a solution to a problem.
