The violence on the block

How has violence affected my life? Violence has affected my life to the extreme death, unfortunately, my uncle choose to go out that night and see some friends which is why he is not here today.

This is how violence all began. One midnight the whole family was watching TV my uncle was on the phone unnoticed 10 minutes later my uncle told my mom, "Hey sis can you bring me down the street real quick my mom replied yeaa get in the car it wasn't a long ride nor was it a short one but when they arived my uncle was in a rush. He got out the car and walked across the street.

My uncle stopped and began to fall next thing you know my mom heard gun shots. She rushed out the car and went across the street to the body on the floor. The body was my uncles my mom took my moms, uncles body and put him in the car she rushed to the hospital.
Gino, be strong and free. Can be released out and can go. Everyone who had problems with violence? I can create a group. What can I do about you then.

And play with friends.

And people are afraid to go outside. Sometimes things were very much even being forced to do. Violence is being bullied on the streets. What are the causes of youth violence.

My uncle died. She was up and then told her she passed. But when she passed going on because my mom couldn't find her. They cried and they run. When they arrived they run.
