Being Bullied

How has violence affected my life? Violence has affected my life by making me scared to go to school. When I was in 3rd grade, there was a group of 4 kids that always used to make fun of me and my last name. They called me "Peanut" because my last name is Pina and made fun of my height. I always hated school because of them. They made me feel horrible.

What are causes of Youth Violence? Causes of youth violence are drugs, gangs, video games, t.v. shows, commercials, bullying, hanging with the wrong people. These are causes of youth violence. These things persuade kids to do bad stuff and cause violence to others.

What can I do about youth violence? I can start a group about youth violence and discuss how to change it and stop it. Give people tips like stay away from the problem, and stay with positive people. Also take their mind off the problem. This is what I'll do about youth violence!
